

House in Porto-Vecchio

Year:

1998

Program:

Construction of a house in border of the salterns of Porto-Vecchio.

Project managment:

Privé

Project manager:

Goudchaux Architecte & Associés
Thomas Fourtané Architecte

Mission:

Mission de base

The project attempts to respect the place while taking completely advantages of the wealth of the landscape with dominant of olive and fig trees.

The wood utilisation in facing and on the cover stood out to assert the environmental will. Drillings are determined according to the plan, but also the to the views ,creating centred panoramas.

The plan get organized around the module of life widely glazed and opened on a terrasse in front of salterns.
