Project management:

MINEFI DPAEP pour la Cour des Comptes

Project manager:

Daufresne Le Garrec & Associés - Architecte
Mandataire
Goudchaux Architecte & Associés

Mission:

Mission de base + DIA

Partners:

Avel - Acoustique
BetHac - BET Fluides
Scyna4 - BET structure

Area:

8700 m²

The building has been designed in 1902 for the storage of the archives of the [Cour des Comptes].

This is a refurbishing Project and the purpose is to provide an Office building for 200 people.

The regulation, security, ergonomics and environmental constraints in such a building that is a listed building (bâtiment inscrit à l'Inventaire Supplémentaire des Monuments Historiques) (I.S.M.H.) are important and complex.

The aim of the Project is to delete some floors and many bearing walls and some of the inside facades items, to modify it and meet the requirements resulting of its new function.
